The Fiero, which debuted in 1984, had roots that went back nearly
20 years. Chief Engineer Elliot "Pete" Estes and John De Lorean
had proposed a two-seat sports car based on a shortened Firebird
chassis, but General Motors management didn't want Pontiac
stealing the Corvette's thunder.

Remember the Fiero - Car and Driver

The history of the Fiero is a mixed bag. On one hand it was a breakthrough car that initially was a big sales success and on the other hand it later became a punching bag for the U.S. press and suffered a serious sales plummet. Granted the Fiero had its small share of problems but most of which were blown way out of
