The Sociology of Personal Life is strongly influenced by Interactionist ideas and contrasts with structural theories. Sociologists from this perspective believe that in order to understand families, we must start from the point of view of the individuals concerned and the meanings they give to their relationships.'

The Personal Life Perspective on the Family - ReviseSociology

The life course refers to the social phases we progress through, throughout our lives. Traditionally, these were seen as quite fixed, especially for women (who would be expected to be dependent on their parents until being married, at which point they would be dependent on their husbands and bear and rear children).

Families—Life Course | Sociology | tutor2u

Family diversity has increased, and there has been a shift away from the traditional nuclear family. Nowadays, it is more common for reconstituted, lone-parent and cohabiting families to exist. However, functionalists and the new right reject this in arguing the nuclear family is the only family type functional for society.

Family | AQA A-level Sociology | The Sociology Teacher

In most societies, the family is the major unit in which socialization happens. Parents, siblings, and, if the family is extended rather than nuclear, other relatives all help socialize children from the time they are born. One of the most important functions of the family is the socialization of children.
