## Grating Experiment Viva Questions

I have used here  $n$   
 $\lambda = 2d \sin \theta$   
but in general we  
don't use 2 in the  
diffraction grating  
formula. In this  
diffraction grating  
experiment you will  
observe a pattern of  
diffracted light. If you  
are using then it will  
be in seven colors.

# Download Free Diffraction

For monochromatic it will be only dark and bright. You can read more from diffraction grating pdf.
