Wooden corkscrew | Etsy

Cut slowly because cork tears easily. I recommend practicing before doing your final project. 4. Clean it properly. Clean and wash wine corks (and let dry), and dust older cork with a damp washcloth. Make sure all particles are off of the surface before crafting with it. 5. Don't let it sit in the sun.

Creative Ideas & Applications | Wood Floors & Wall Treatments

It's part of a series of cork and wood furniture by Marcin Bahrij. Cork furniture represents only a small percentage of all the interesting uses for this unique material. Cork stoppers make up around 60% of all cork-based products and other uses include bulletin boards, fishing rods, floor and wall tiles and thermal insulation.

Cork Furniture - A New Design Niche That Rises To The Top

Step 1. Cut Your Cork Board & Fabric to Size. Cut your cork board cut just a little bit smaller than the size of your frame opening. The easiest way to cut a cork board is with a table saw but you can also use a utility knife like I did (don't worry if your cork board edges are jagged - they won't show).
